**GETTING  
STARTED**

**PART ONE**

**REGISTER**

[app.vitroworld.com](http://app.vitroworld.com)

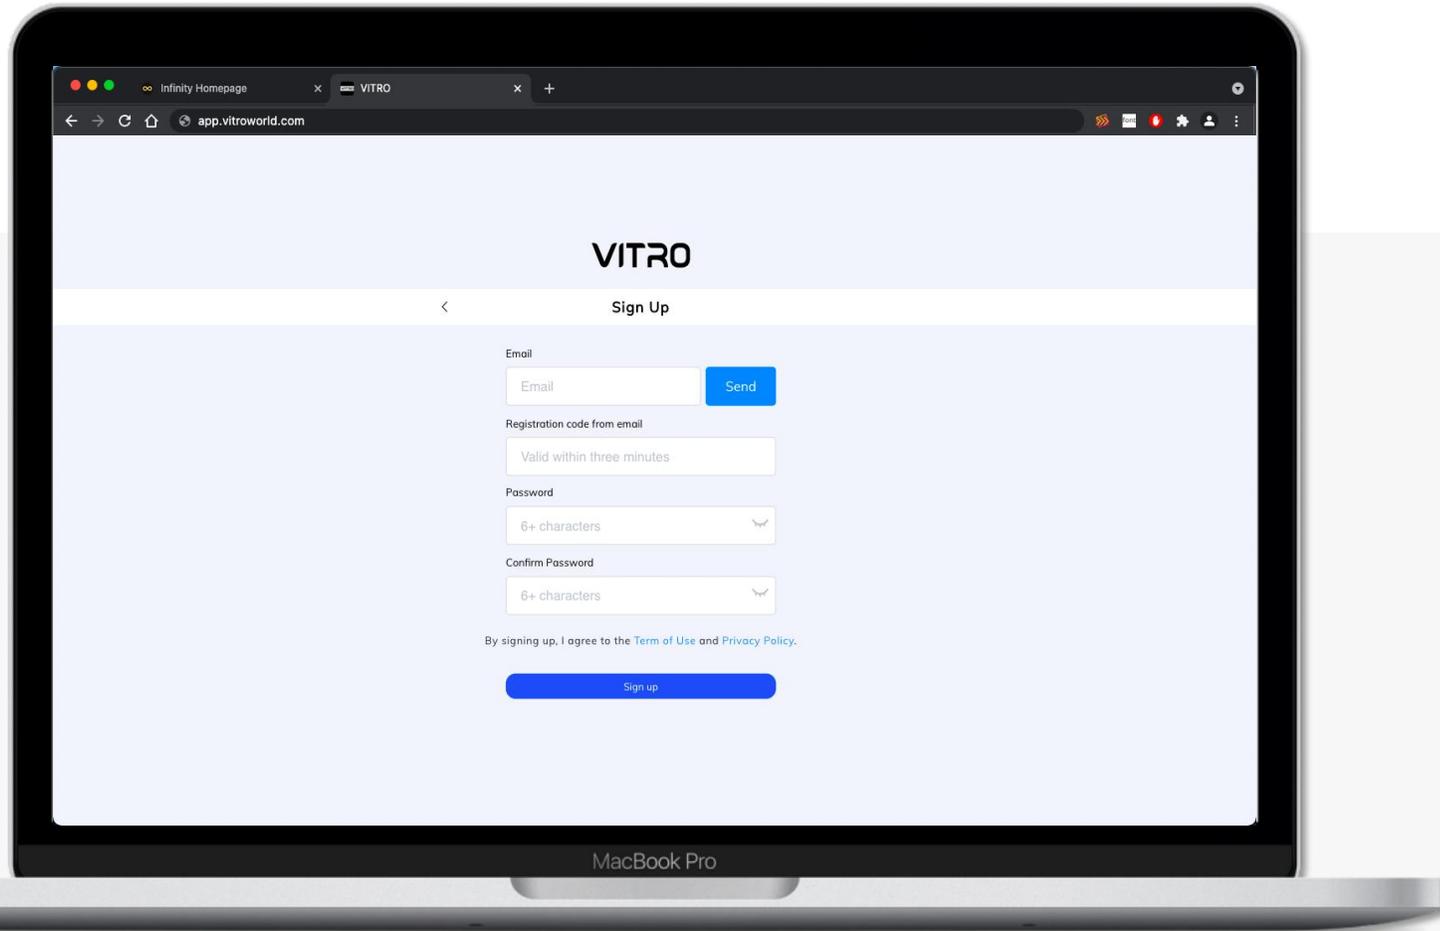

# REGISTER

Input url *app.vitroworld.com* on your Google Chrome (ONLY) and enter.  
Follow the on-screen instructions to register your account.

# SIGN UP

Use your email to create an account.  
You will receive a **registration code** to finish  
the set-up process.  
Then sign in to your account.

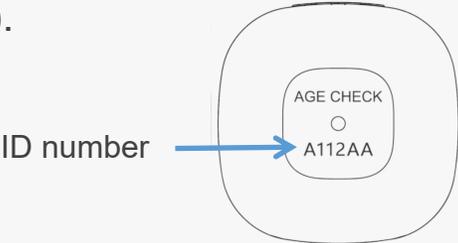

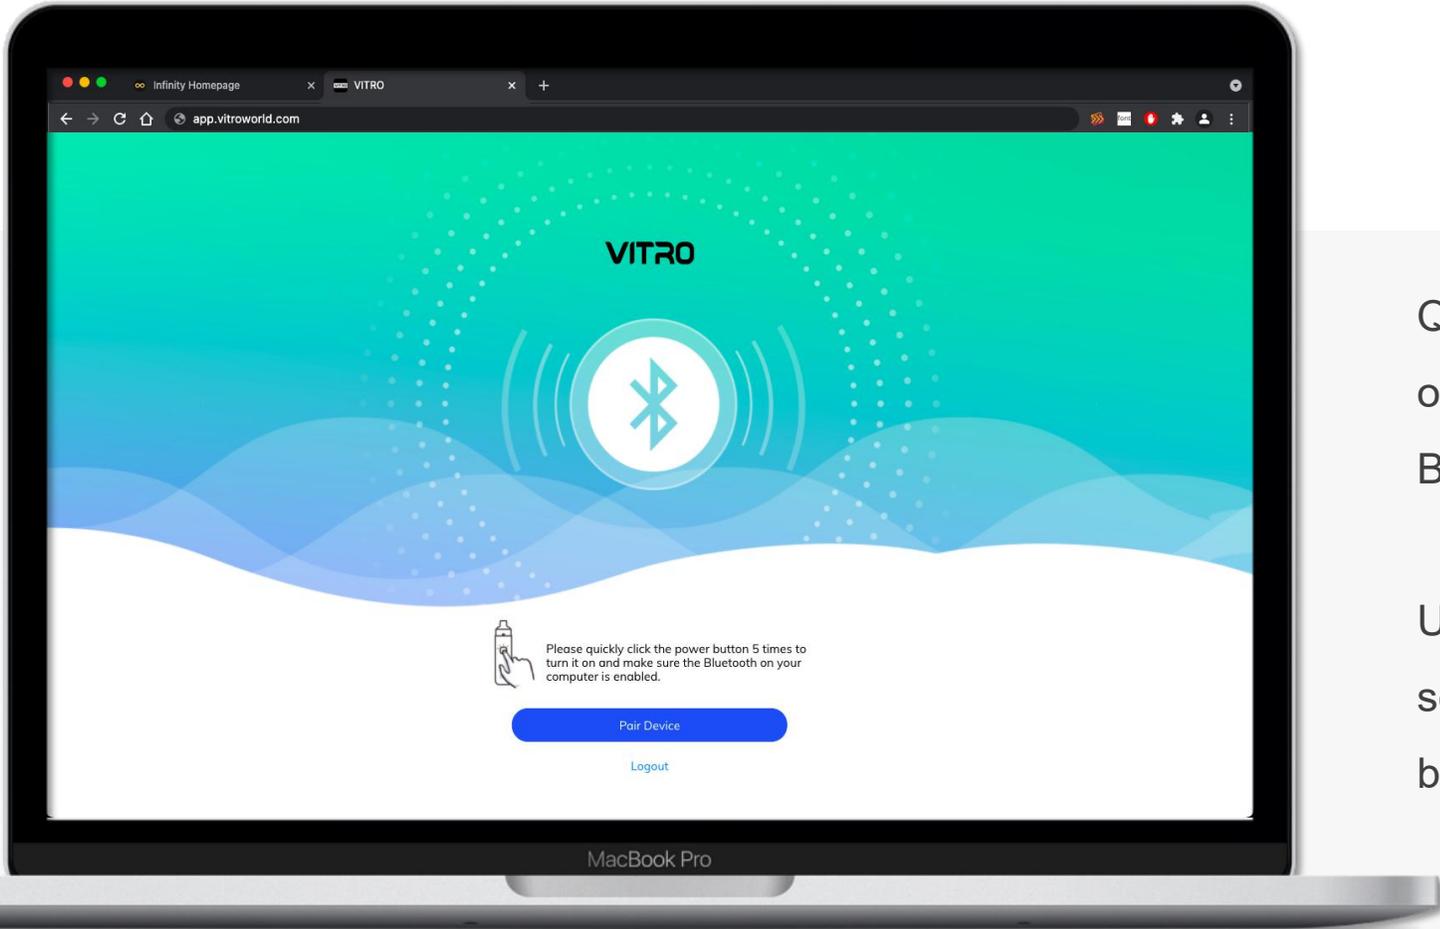

**PART TWO**

**PAIR DEVICE**

# PAIR DEVICE

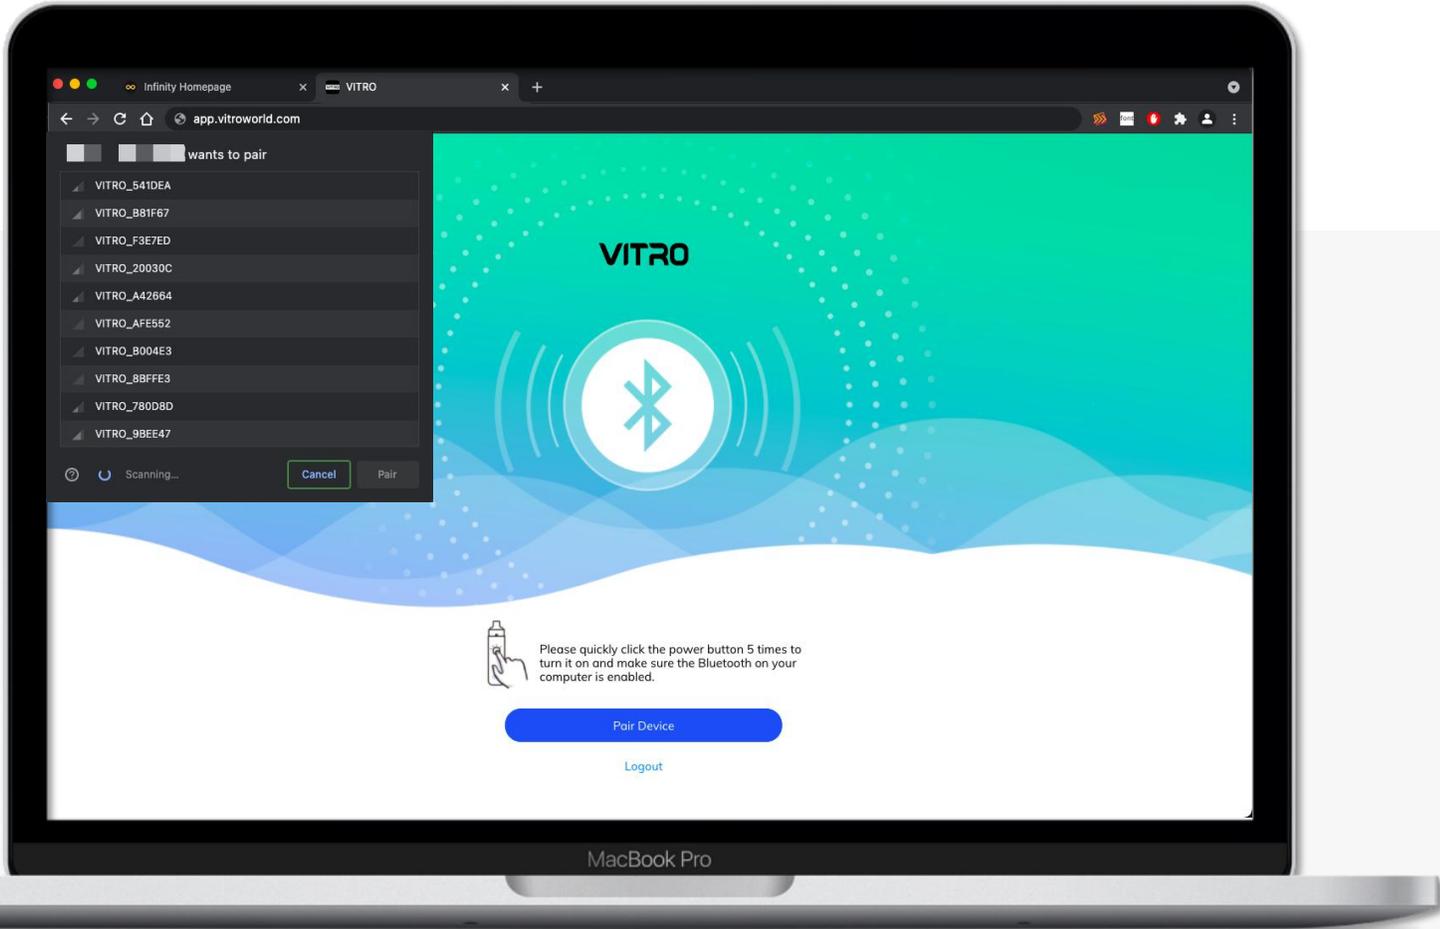

Quickly press the power button 5 times to turn on the device. Ensure your phone has Bluetooth turned on.

Use your phone to pair to the device by selecting the unique device ID (find it on the bottom of your device).

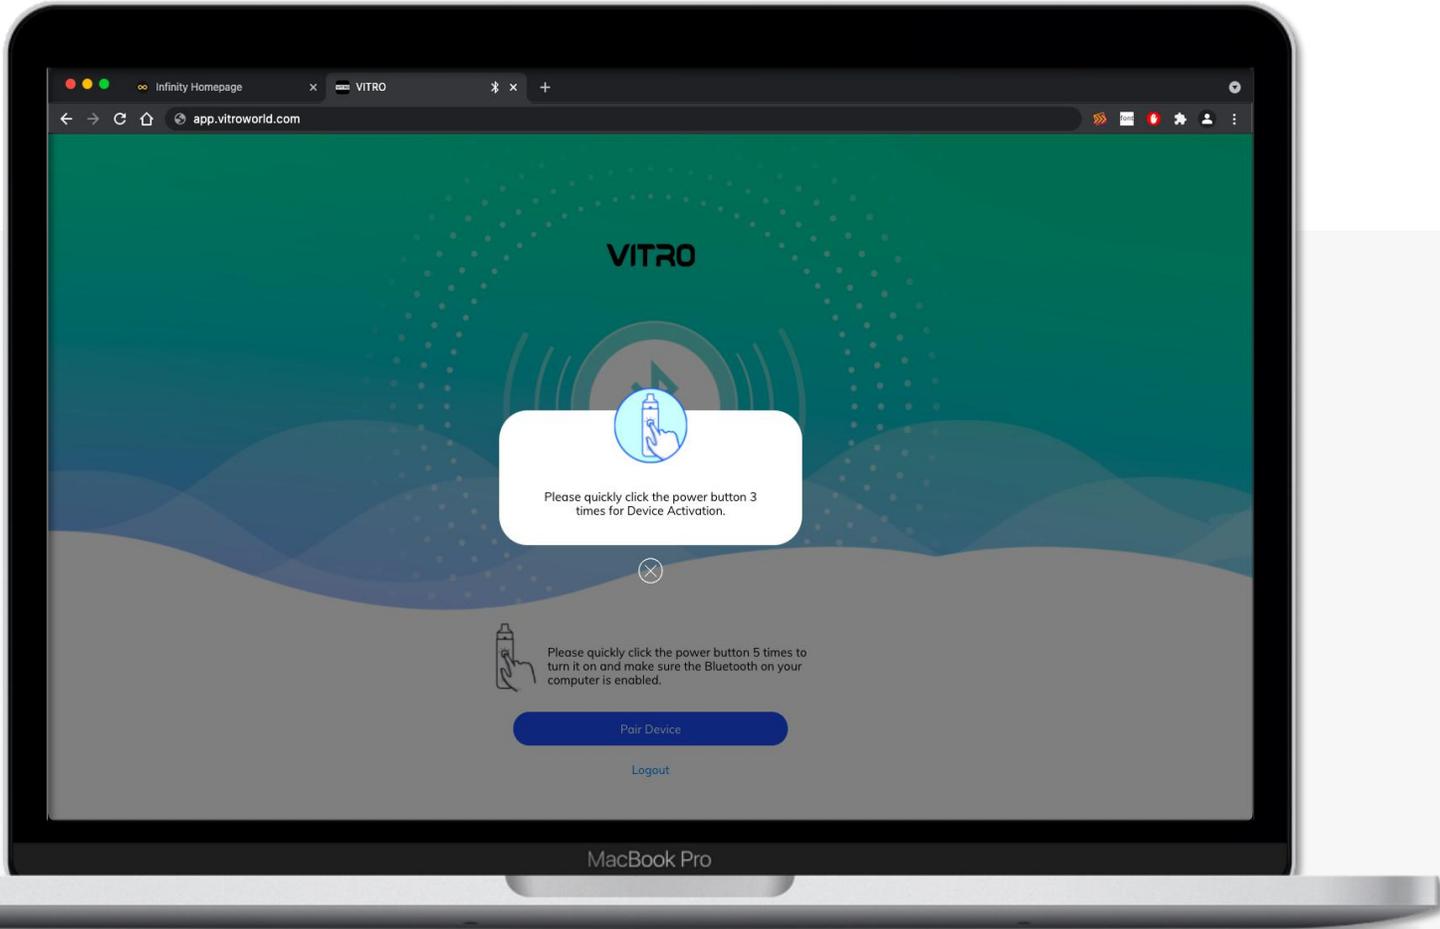

# PAIR DEVICE

Select your user ID.

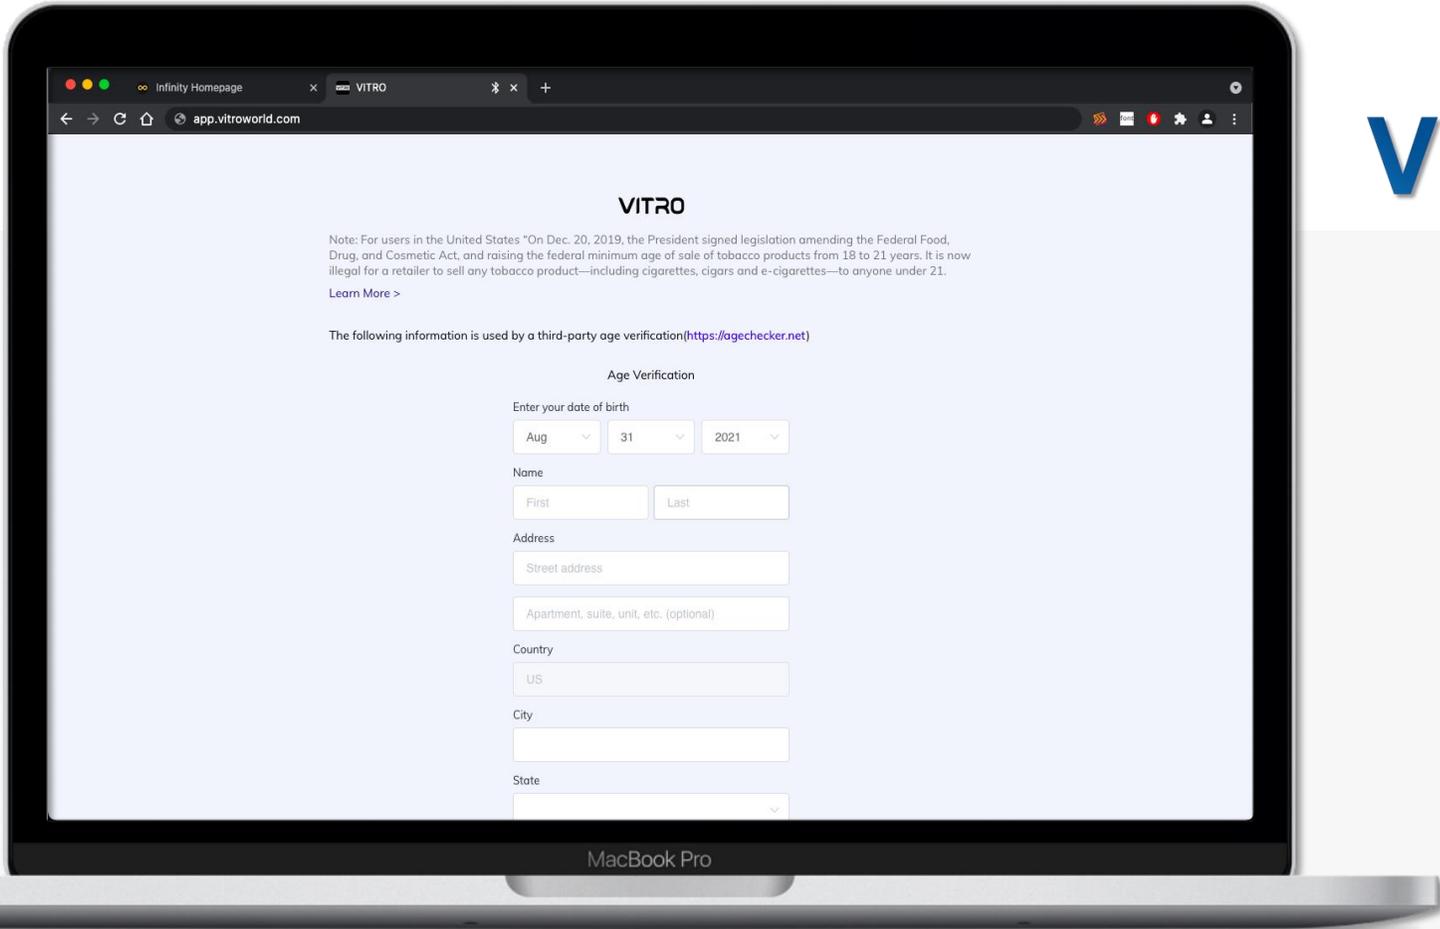

# PAIR DEVICE

Quickly click the power button 3 times on your device to finish the pairing.

**PART THREE**  
**AGE**  
**VERIFICATION**

# AGE VERIFICATION

**In accordance with federal law, the sale of tobacco products is prohibited to individuals under the age of 21.**

**Accordingly, users in the United States must download the VITRO app and complete the age verification process prior to using the device.**

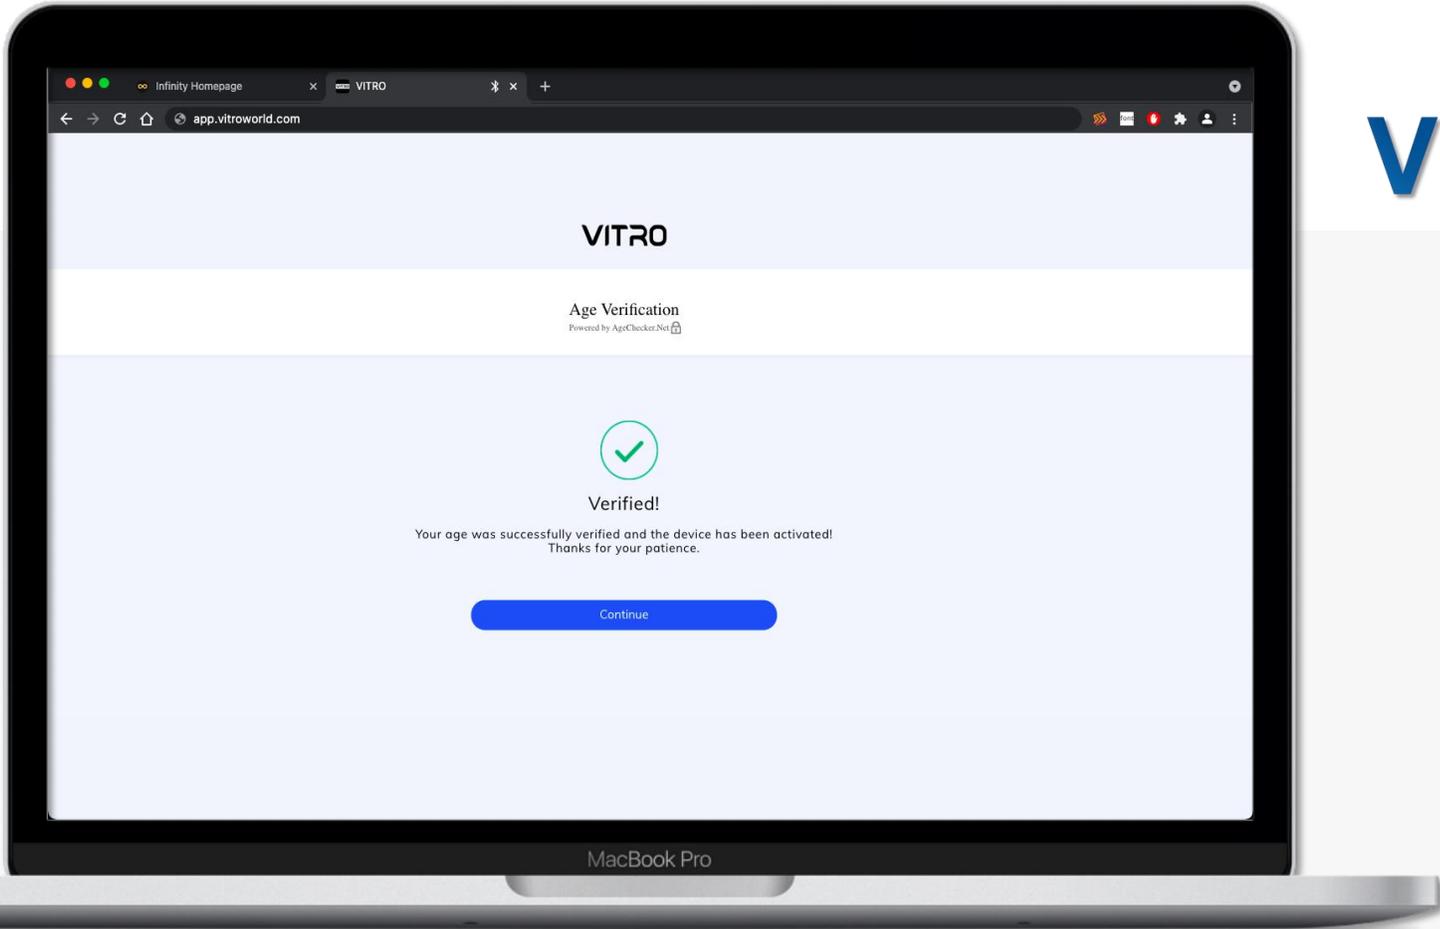

VITRO has partnered with <https://agechecker.net> to verify user age.

Please follow the instruction as shown to complete age verification.

**Please make sure all your information is correct before submit or you may fail to verify.**

# AGE VERIFICATION

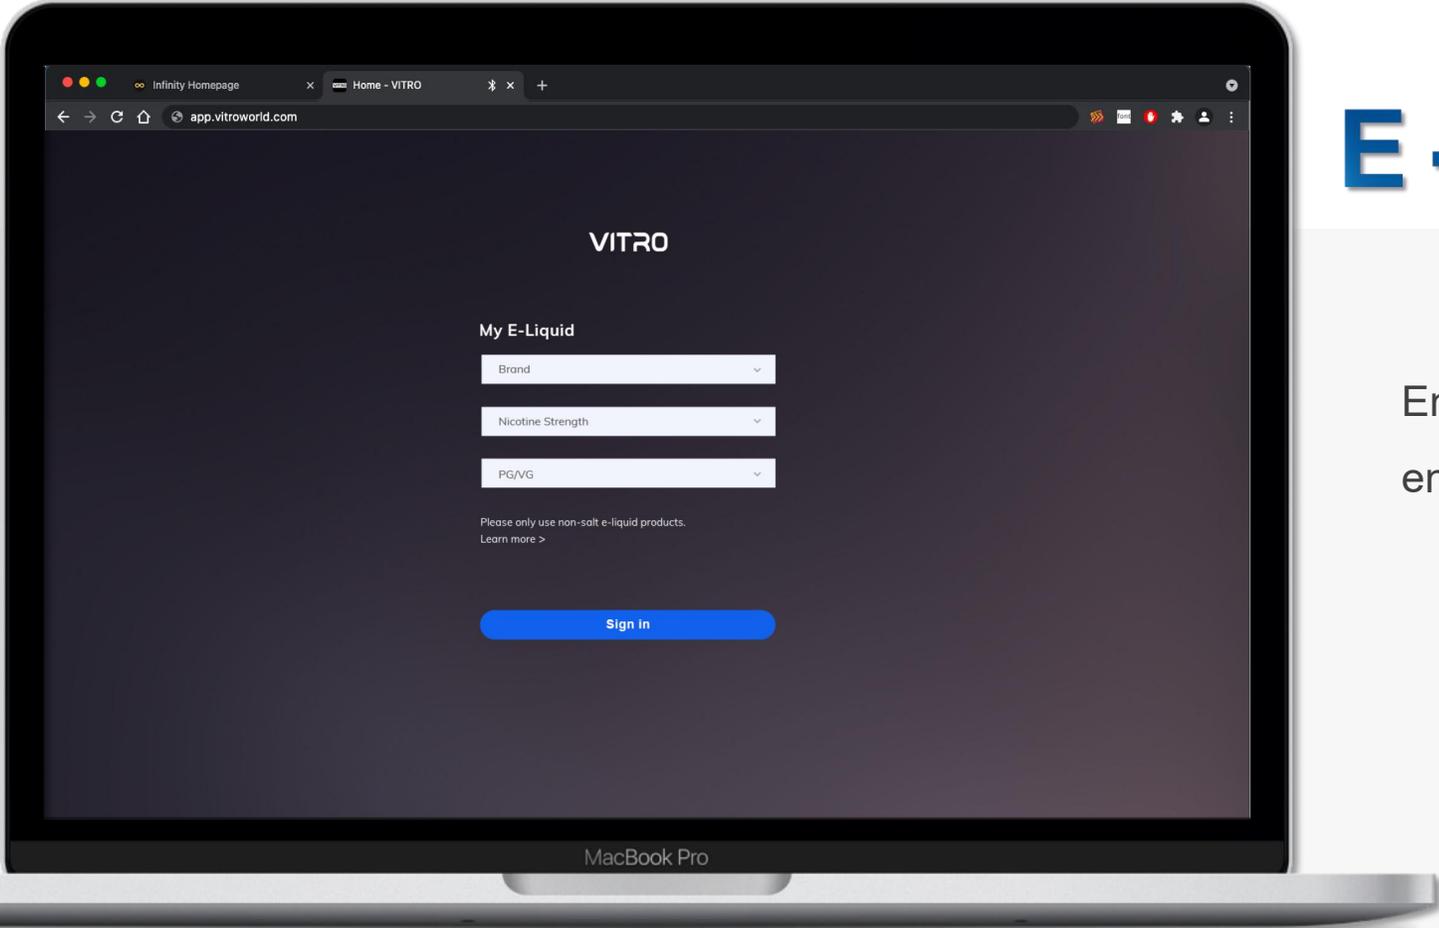

Your age was successfully verified.

**PART FOUR**  
**GETTING**  
**STARTED**

# INPUT E-LIQUID INFO

Enter your e-liquid details into the app to enable better feedback from the app.

# HOME SCREEN -POWER CONTROL

VITRO

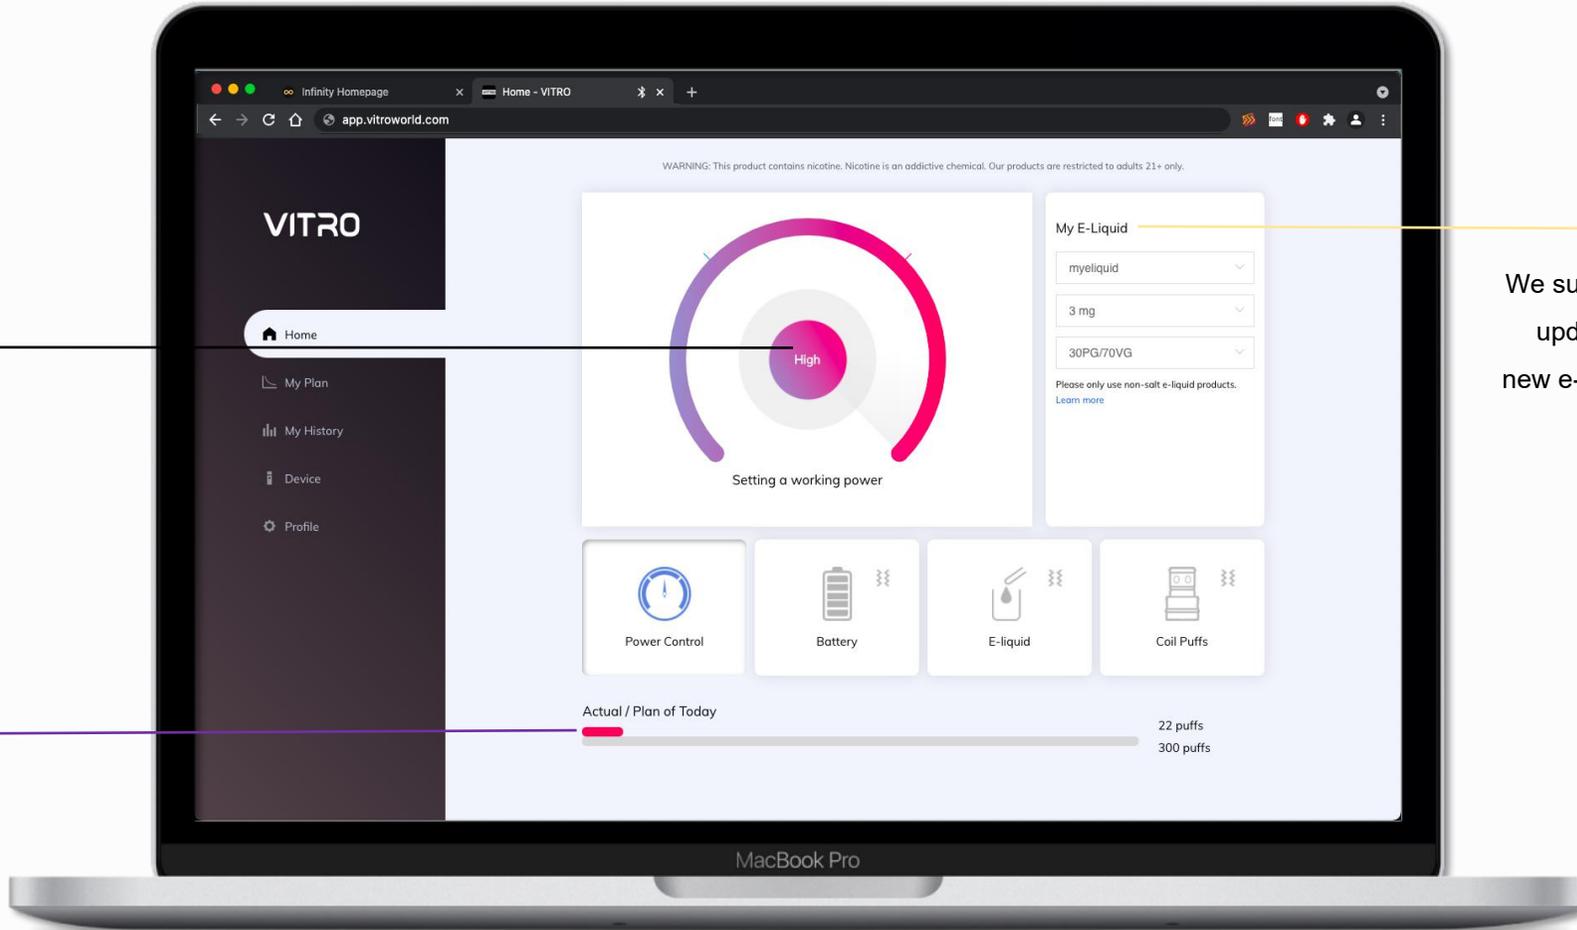

## POWER CONTROL

Tap the power icon to switch the power level between low/medium/high.

## PUFFS OF THE DAY

 Actual  
 Plan

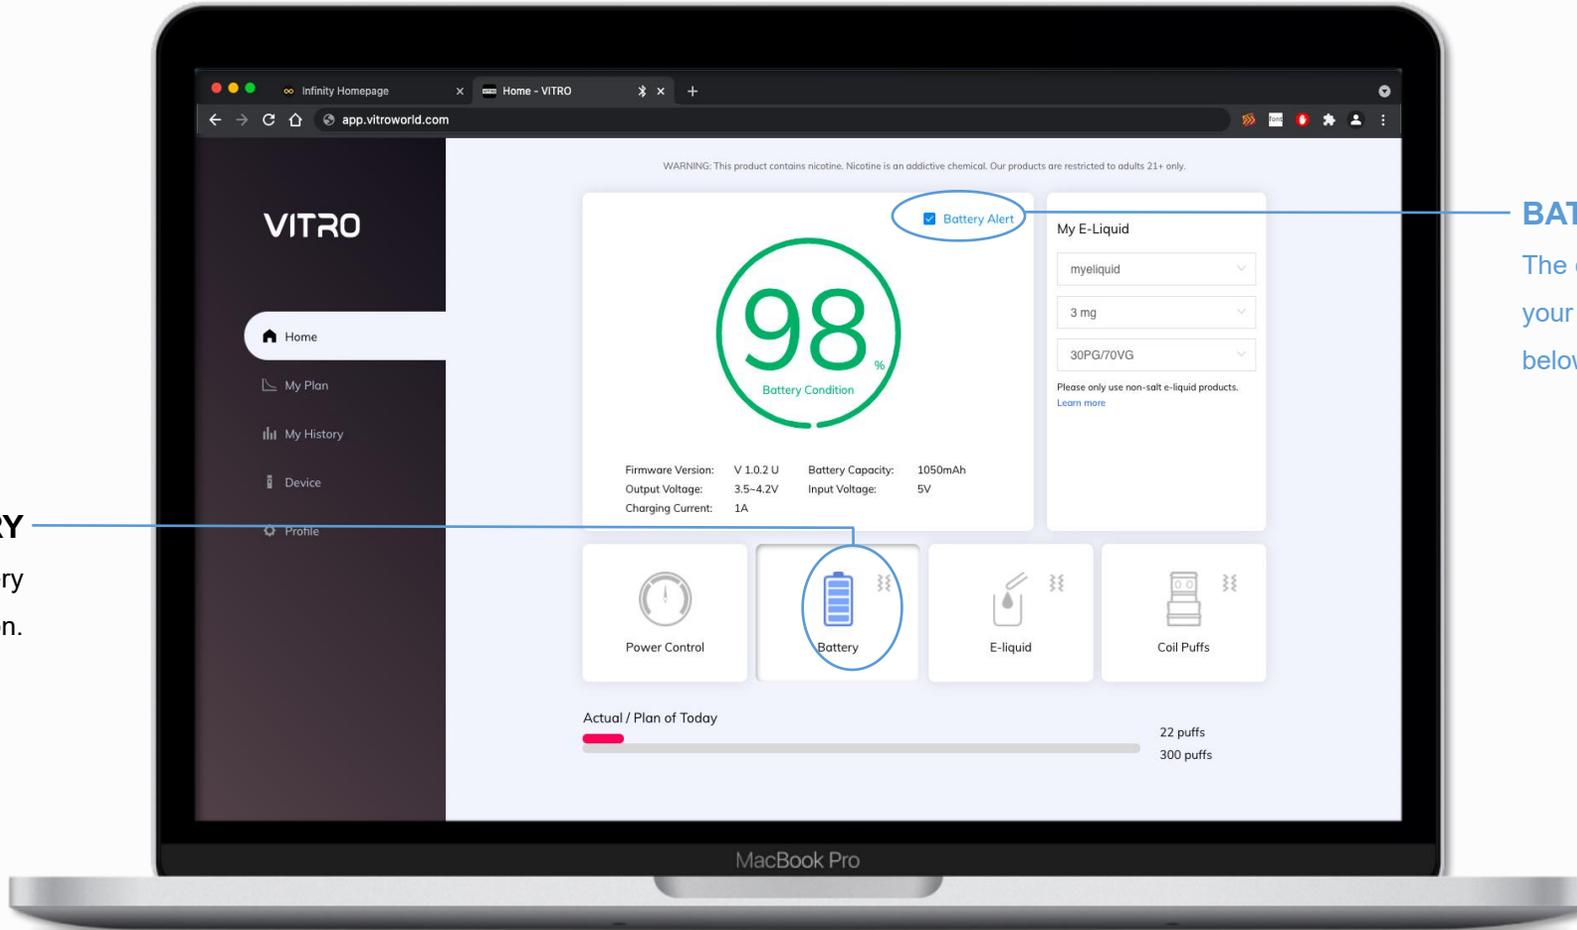

## MY E-LIQUID

We suggest keeping our e-liquid information updated especially when you change to a new e-liquid to ensure accurate vaping data.

# HOME SCREEN - BATTERY

VITRO

## BATTERY

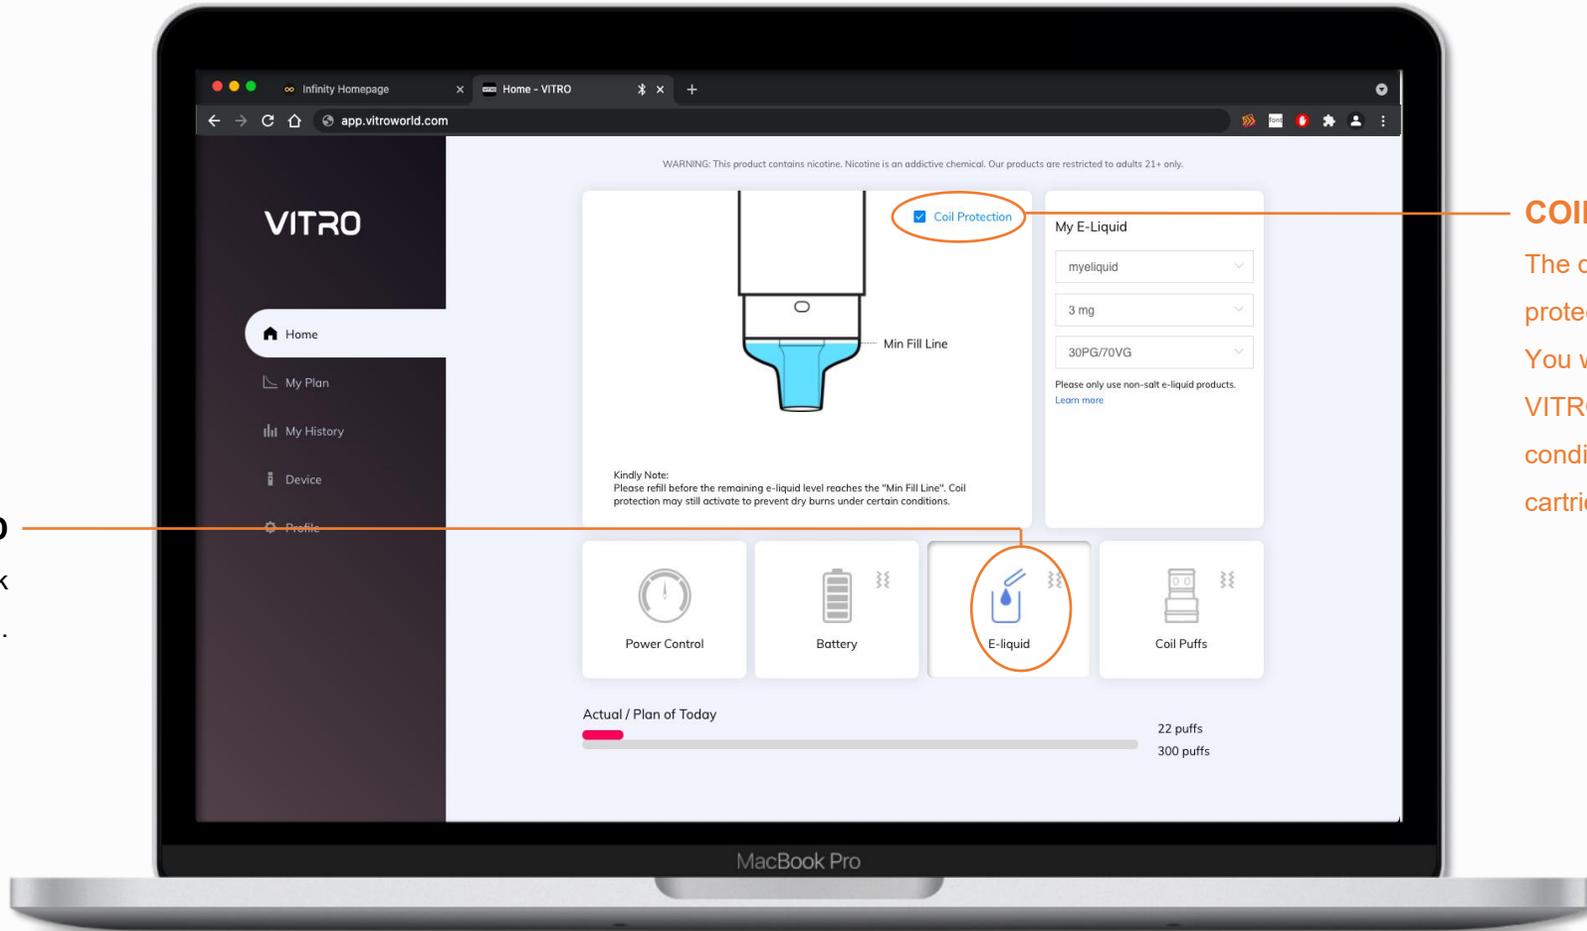

You can quickly check the battery information by tapping the battery icon.

## BATTERY (LOW) ALERT

The device will vibrate with notification on your VITRO app when the battery level is below 10%. You can tap to turn it on or off.

# HOME SCREEN -E-LIQUID

VITRO

## E-LIQUID

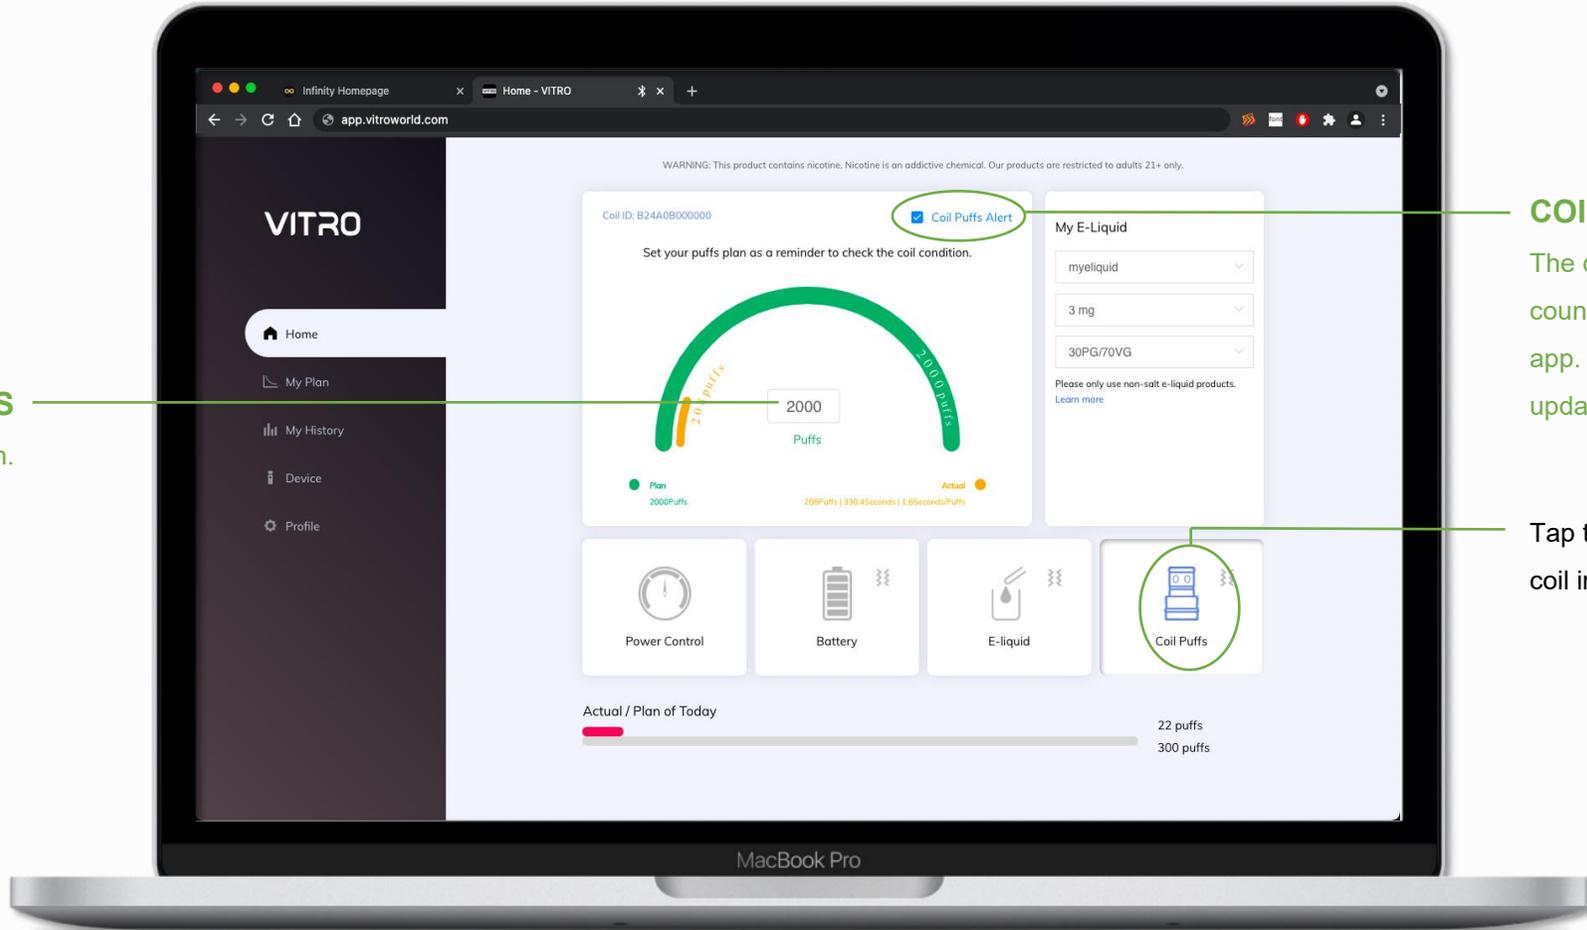

Tap the e-liquid icon to check the using suggestion for you.

## COIL PROTECTION ALERT

The device will vibrate when coil protection has been activated in the app. You will also receive a notification in the VITRO app. Please check the coil condition and remaining e-liquid in the cartridge. You can tap to turn it on or off.

# HOME SCREEN - COIL PUFFS

VITRO

## SET COIL PUFFS

Scroll the bar to set your coil puffs pan.

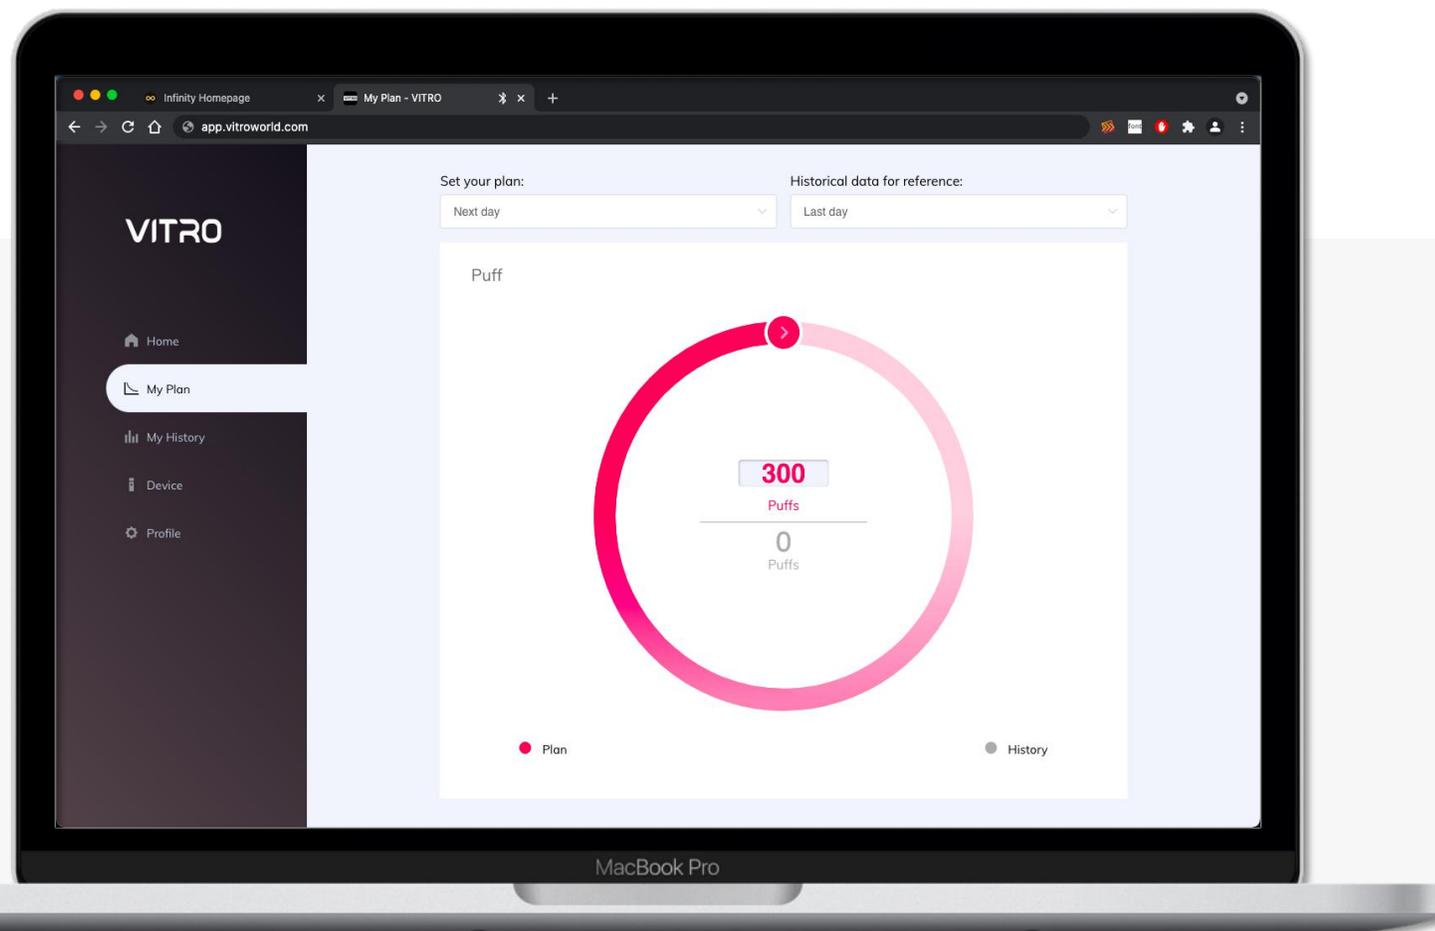

## COIL PUFFS ALERT

The device will vibrate when your actual puff count is close to your set puff value in the app. Please check the coil condition or update the puff setting accordingly.

Tap the coil icon to check your coil info and set your puffs plan.

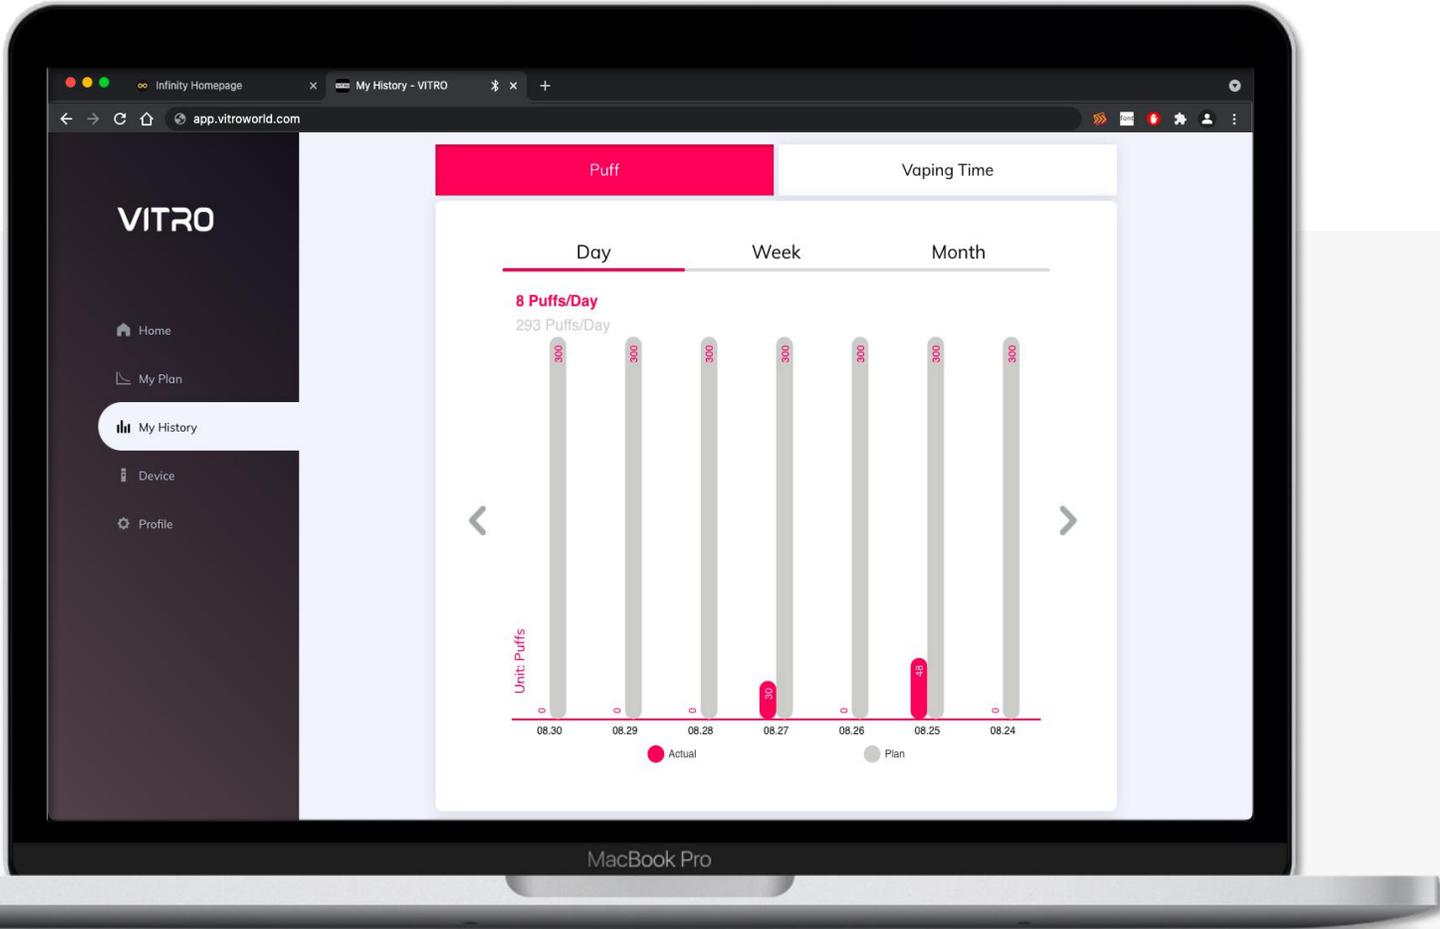

## MY PLAN

Tap the control knob in the app to set your vaping plan for the next 1, 7 or 30 days. The control knob can be rotated clockwise to increase and counterclockwise to decrease the vaping plan.

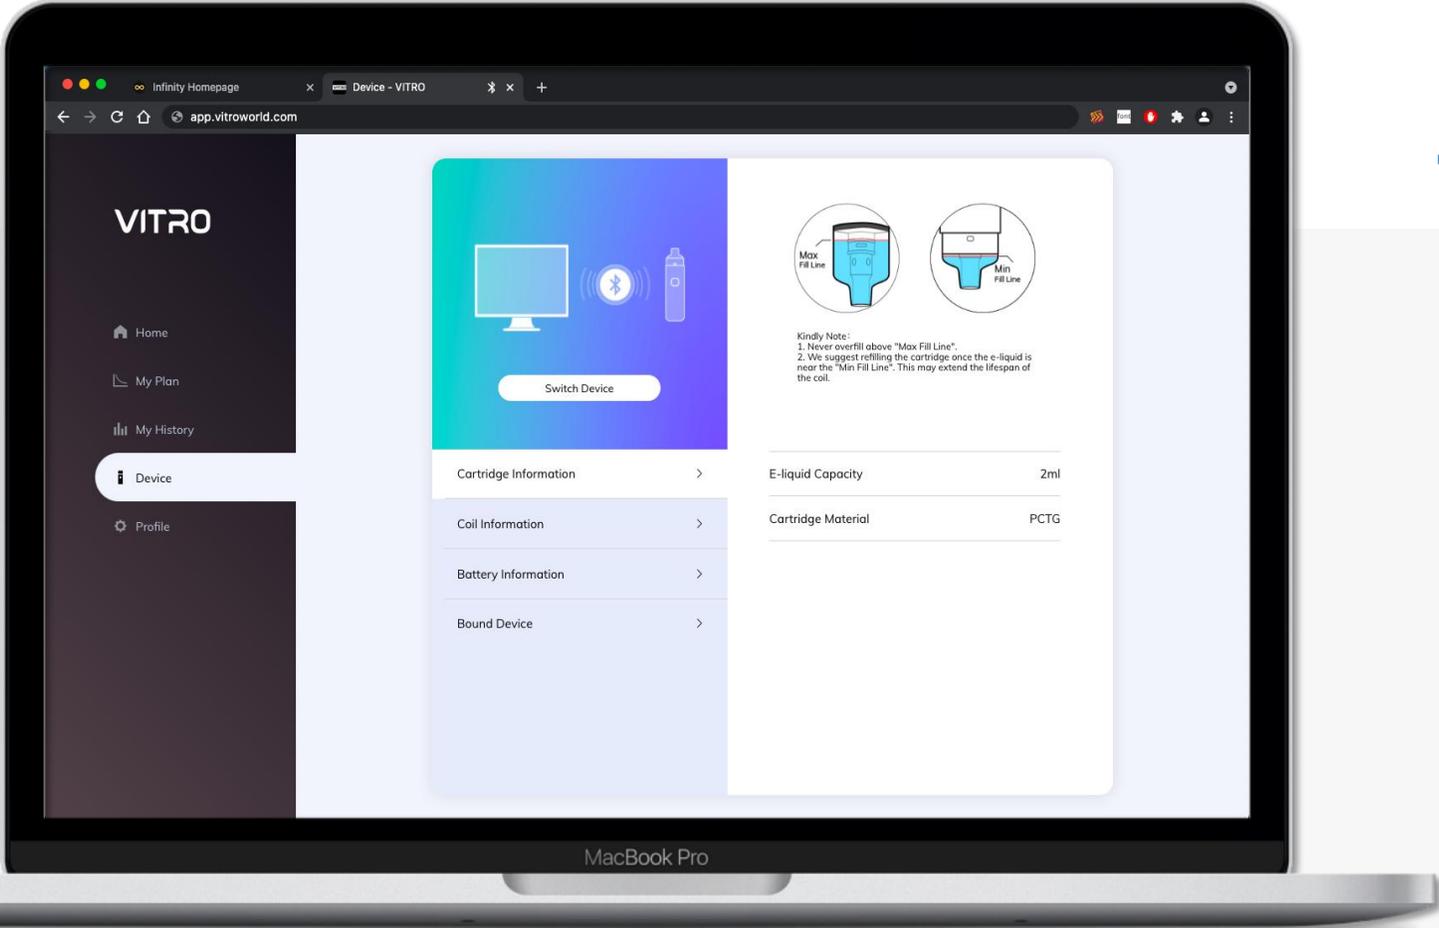

# MY HISTORY

You can check your puff count and vaping time by day, week, or month.

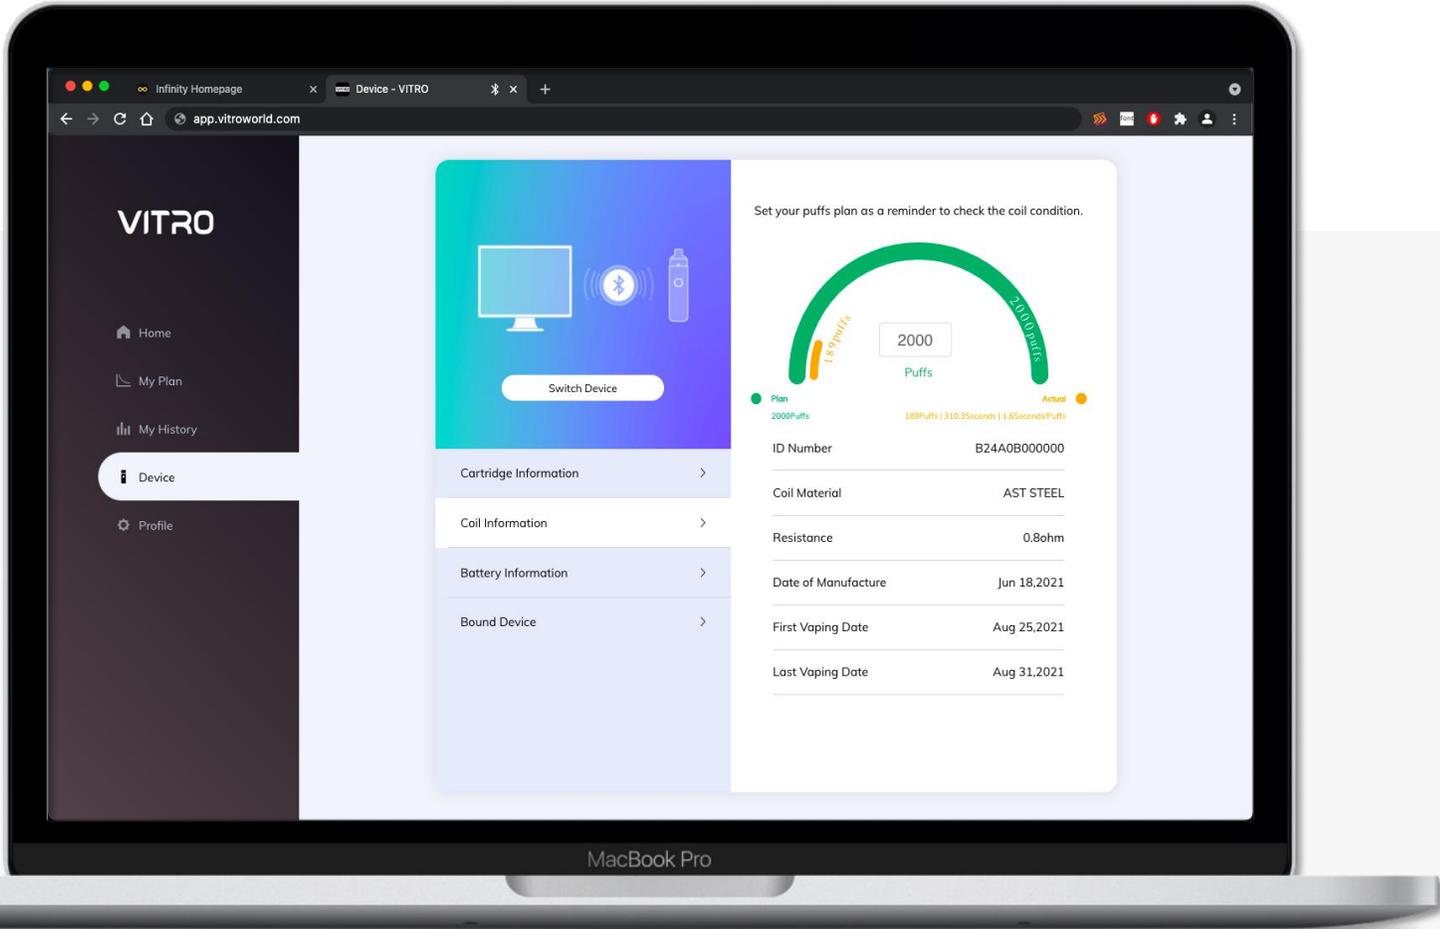

# MY DEVICE - CARTRIDGE

Here you can check the cartridge information.

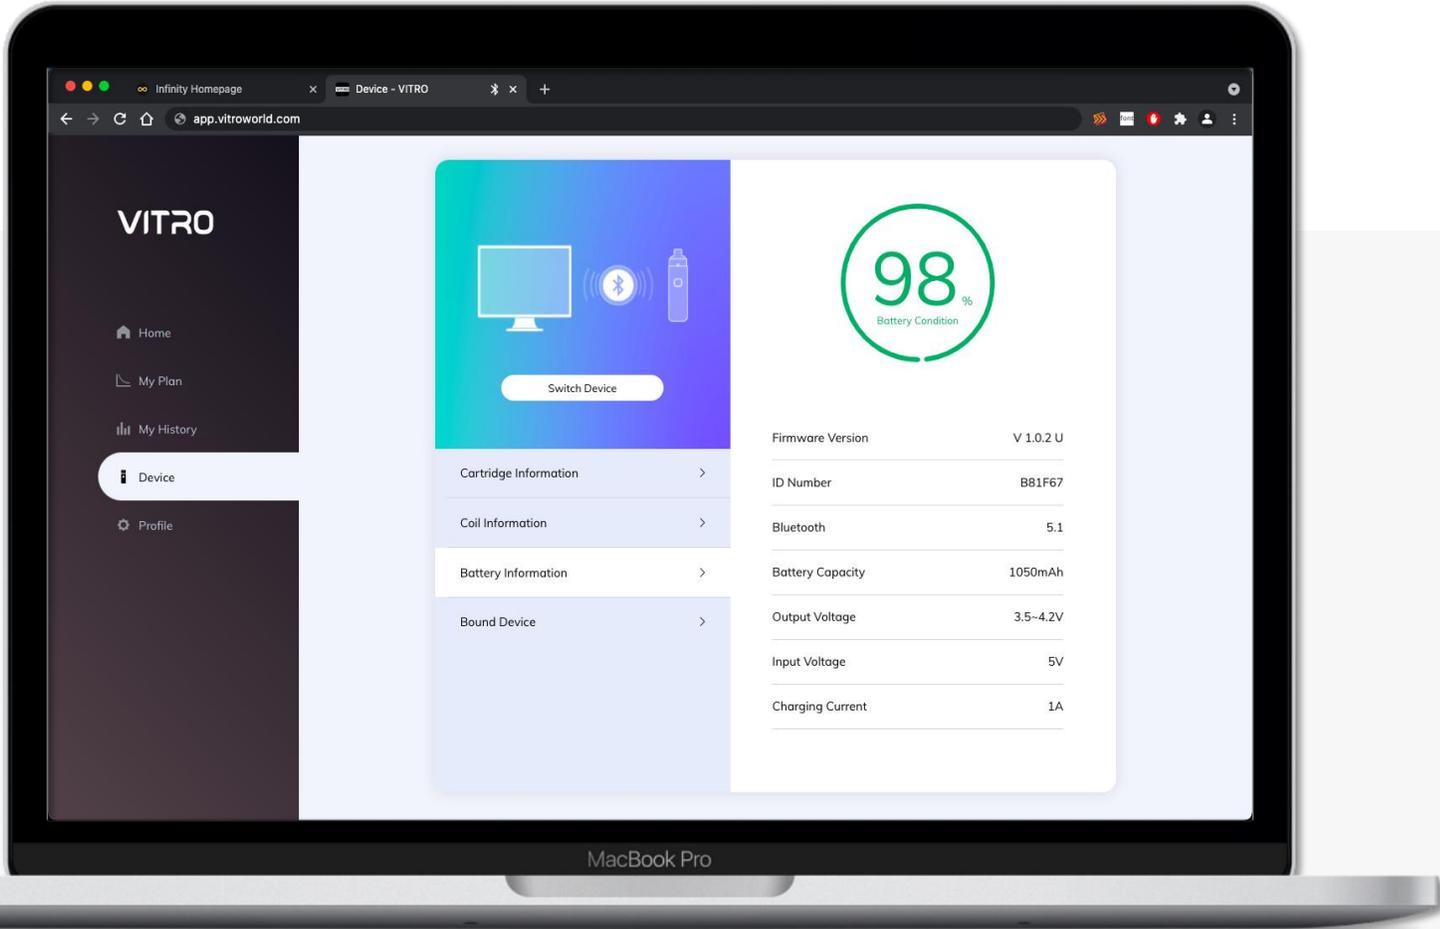

# MY DEVICE - COIL

Here you can check the coil information.

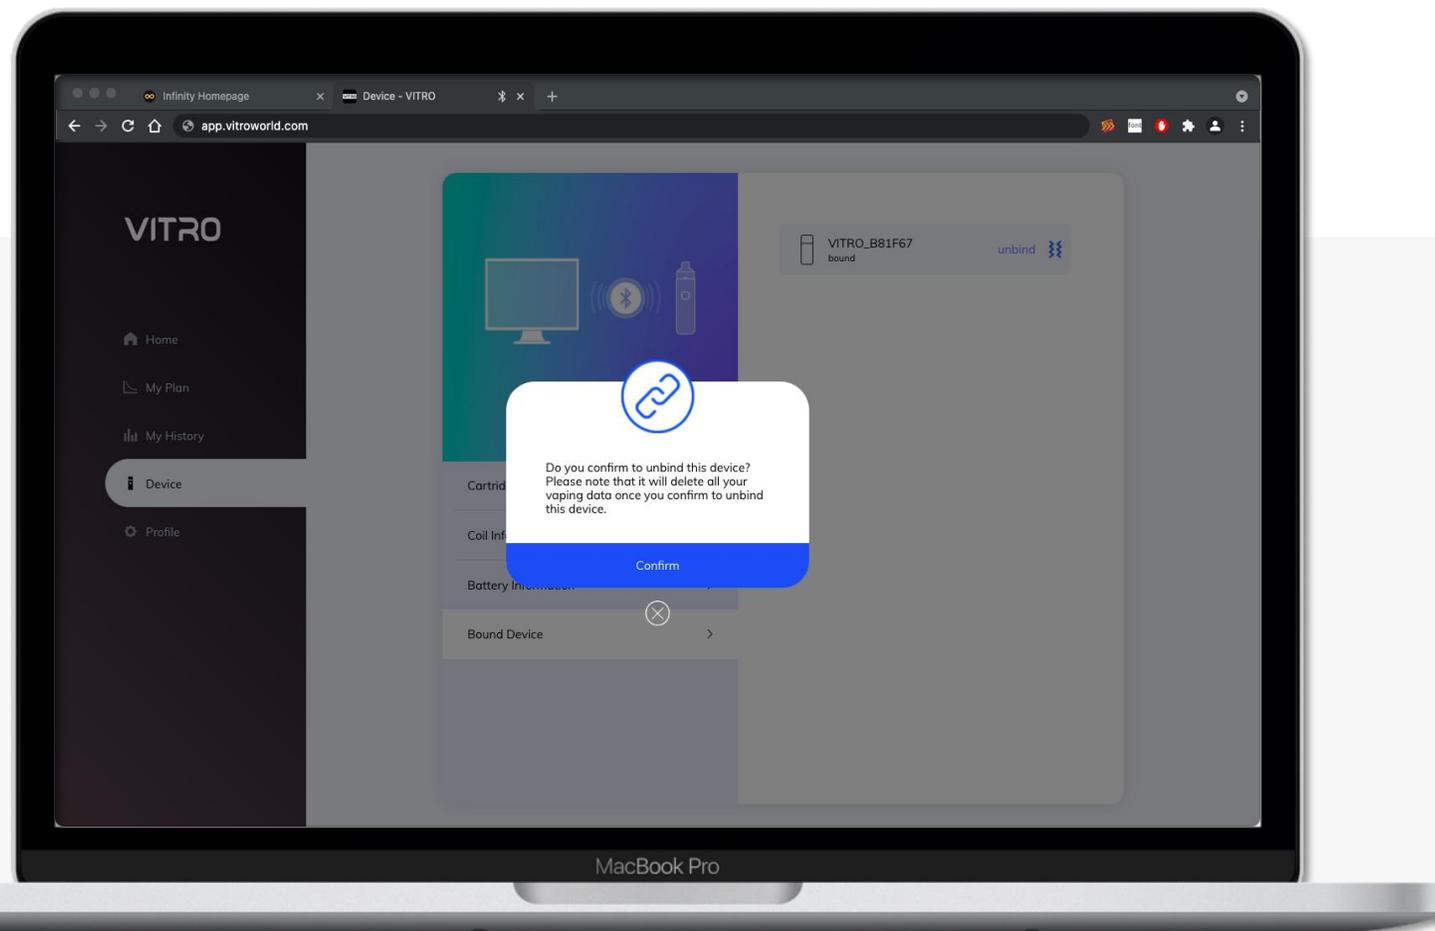

# MY DEVICE - BATTERY

Here you can check the battery information.

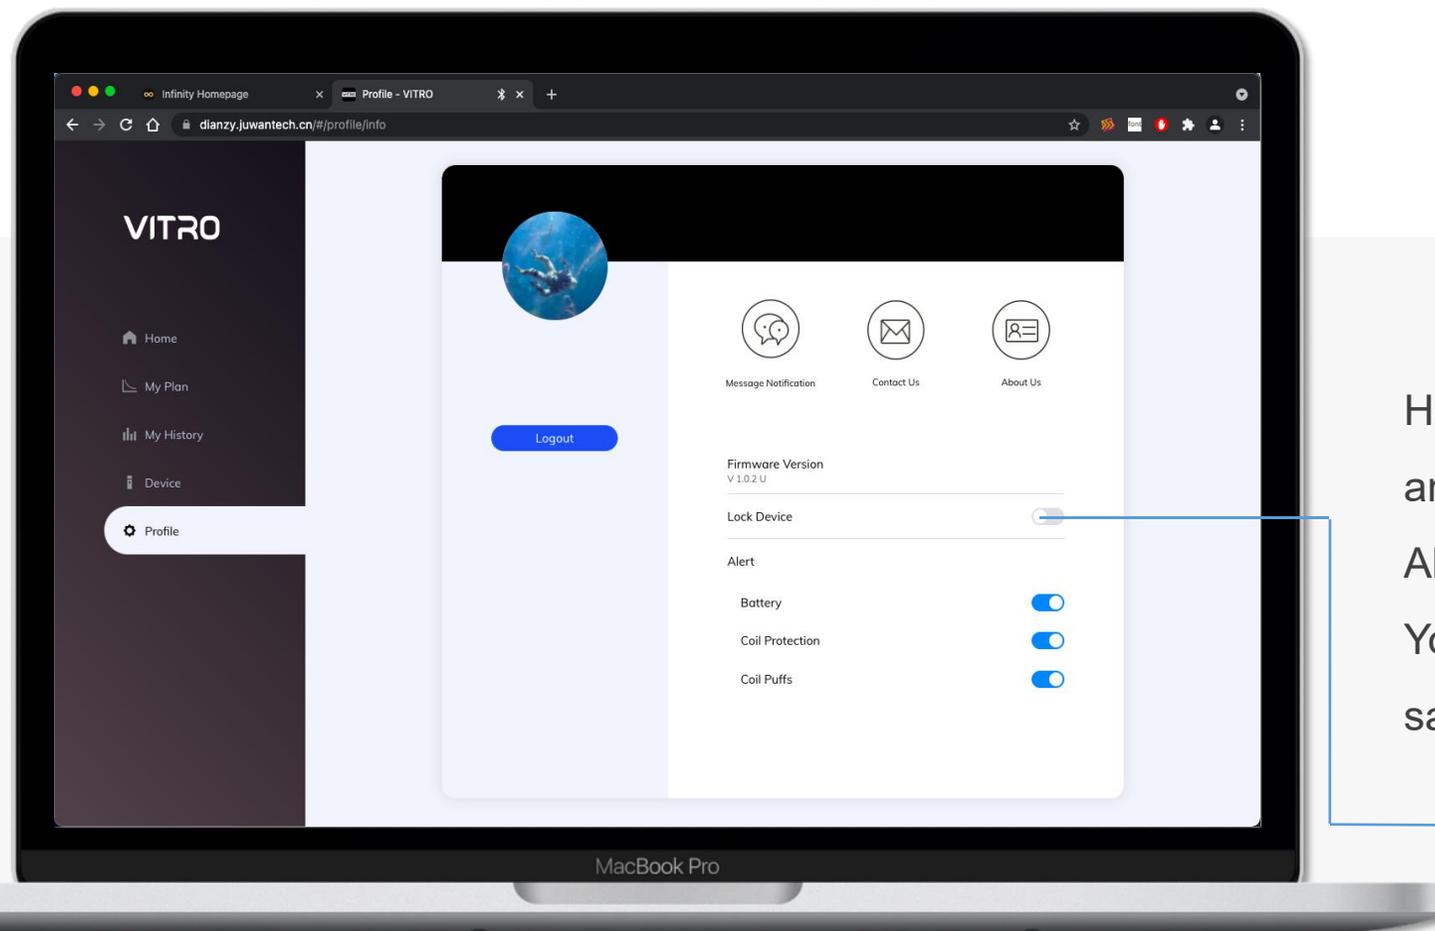

# MY DEVICE - UNBIND

If you choose to unbind your device, your vaping data will be deleted. The device will be reset to default. You need to go through 'age verification' again when you bind it to a new account.

## PROFILE

Here you can set your profile photo, contact us and check the messages.

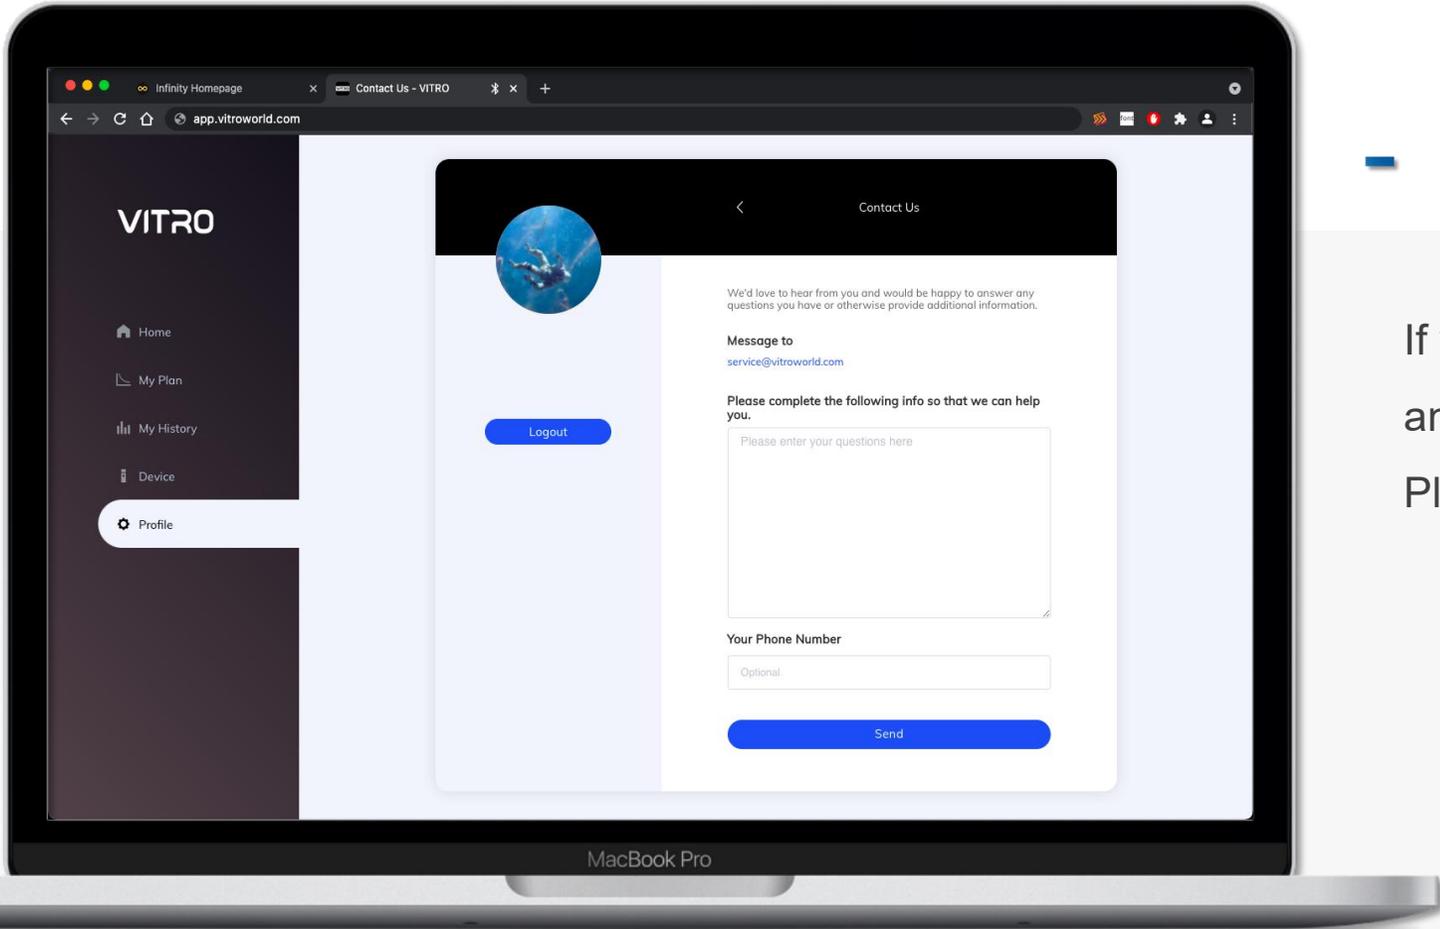

Also you can check the Firmware version.

You can turn on/off the alerts, which is the same as you can find on the home screen.

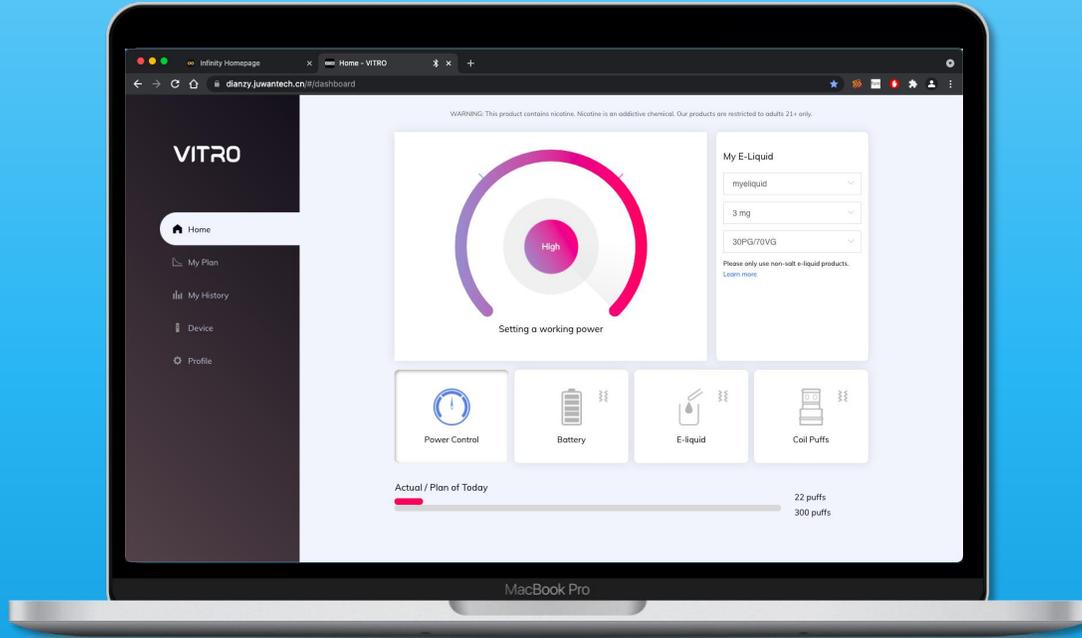

**Lock Device:** When it is enabled, you cannot use the device. This function is designed for safety concerns in case you need.

# PROFILE - CONTACT US

If you have any questions, you can contact us at any time. Our service team will get to you asap. Please check the reply in the inbox of your email.
